

men's services

gentleman's signature facial

exfoliate, hydrate and refresh the skin with this customized treatment for the modern man, specifically designed to maintain skin health and appearance.

60 minutes

\$95

LED treatment for hair regrowth

encourage hair to grow in thicker and stronger with this FDA approved treatment which increases blood and lymph circulation at the hair roots to stimulate follicular cells, promoting hair growth in men with male pattern hair loss. This treatment has effects similar to minoxidil but are longer lasting and most effective for those in the process of losing hair or receding hairline now.
